

# Health & Equity Work Group

## Charge

- The work group is comprised of members with knowledge of health and equity measures associated with transportation initiatives.
- The Health and Equity work group will support the evaluation of the health and equity measures at key milestones in the Washington County Transportation Futures Study and the assessment of potential benefits and burdens to the community with a focus on historically under represented communities.
- Comments from the work group will be shared with the Study Advisory Committee, a group appointed by the Board of County Commissioners to advise staff on key milestones throughout the study.
- All of the meetings of the work group will be open to the public and participation is encouraged.
- Work group members are encouraged to help build awareness of the Study, help identify communication approaches with constituents and colleagues and, where appropriate, provide those contacts with information on the study.
