

# Study Advisory Committee

## Purpose

The Study Advisory Committee (SAC)—comprised of community members with a depth of knowledge and interests in diverse areas—shall serve as a forum to explore how the Study’s approach, strategies and analysis address transportation needs and reflect community trends and values, and advise the staff at key milestones.

## Charge

The SAC shall review and advise the staff on the following study milestones:

- Community values to guide the Study
- Description of transportation problems and opportunities facing the county
- Evaluation measures for use in the Study that reflect community values
- Land use scenarios that reflect plausible futures
- Conceptual level transportation strategies with illustrative projects
- Evaluation results, outcomes and trade-offs for the transportation strategies
- Conclusions and implications for next steps

## Commitments

SAC members are committed to:

- Focus their deliberations on addressing their charge and supporting the purpose of the Study
- Consider a diverse range of viewpoints and work as a team
- Attend up to 10 meetings of at least 2 hours each between early 2015 and mid 2016
- Support efforts to solicit public input on the study
