

Community Values

Washington County community members value:

1) **Connectivity**

- Direct, clear routes and complete modal networks for easy access to needed destinations.

2) **Efficiency**

- Efficient and reliable movement of people, goods, and services.

3) **Transportation Options**

- Viable options for all transportation modes, including transit, bicycling, walking, passenger and commercial vehicles, and freight.

4) **Community Identity**

- The unique, distinct character of diverse urban and rural communities.

5) **Social Equity**

- Equitable benefits for all County residents, including those that have been historically underrepresented.

6) **Environmental Stewardship**

- Healthy air quality, climate, water, open space and other natural resources.

7) **Strategic Investment**

- Wise use of public funds and optimization of present and long-term investments.

8) **Economic Vitality**

- Job growth, access to jobs, and strong urban and rural economies.

9) **Health**

- Personal and community health and wellbeing.

10) **Safety**

- Safe transport of travelers and goods.
